

Acclimate[®] 33-inch Modulating Gas Furnaces

80% and up to 98% AFUE Models

Compact Design for Easy Installation.

Now available at a 33-inch height, Acclimate modulating gas furnaces are a high-efficiency solution that fits in practically every installation – closets, attics, garages and other tight spaces.

Offered in the industry's only fully modulating 80% AFUE models

Compact 33-inch cabinet easily fits in tight spaces

Double folded edges – protects your hands while servicing

Multi-position design – all configurations supported

Patent pending internal condensate management system for up to 98% models – one less component to install

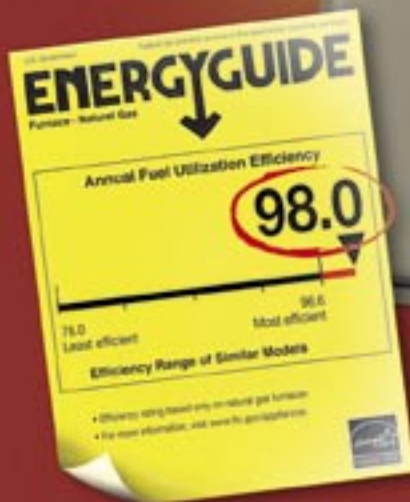

Latches are 1/4-quick turn design – simplifies door panel removal

Firing rate continuously modulates at 1% increments to match heating load exactly and save fuel

Sealed doors reduce air leakage under 1%

Available with standard or ECM motors – ideal for all applications

Doors are same size – easy to rotate as required by installation

98% AFUE rating is the highest in the industry

Setting The Performance Standard.

LUXAIRE[®]
HEATING • AIR CONDITIONING

High performance, year in and year out

Luxaire backs every Acclimate system with one of the industry's best limited warranties. Every Acclimate 80% and up to 98% AFUE model gas furnace is backed with a lifetime limited warranty on the heat exchanger. Both come with a 5-year limited warranty on all other parts. And, if you purchase any Luxaire series gas furnace with a matching Acclimate 5T Series air conditioner or heat pump, you'll receive our Premium System Warranty program: A lifetime limited compressor warranty and a 10-year limited parts warranty.
