Efficient and reliable, year-round comfort.

In the heat of summer or the cold of winter, the assurance of complete comfort is something you expect... and deserve. Now the money-saving benefit of high efficiency operation is also yours to claim with the AirEase 15 SEER gas/electric package unit. With the added advantage of easy serviceability and attractive, up-to-date design, this is your best choice for outstanding performance and reliable comfort year after year.

Comfort Enhancements	
Easy Serviceability	Every unit is fully charged, run and tested for leaks at the factory to ensure faultless performance in your home. These package units are also built for economical installation , and service doors provide easy access for maintenance and repairs. Low nitrogen oxide-certified units and filter kits in 1", 2" and 4" sizes are available for improved indoor air quality.
Quality Construction	Every component is designed for durable, worry-free operation... from the weld-free tubular aluminized steel heat exchanger and solid-state ignition control board to the heavy-duty Copeland Scroll™ compressor . The innovative Copeland Comfort Alert™ diagnostics system enhances serviceability by helping technicians solve problems with greater accuracy and speed. The new platinum gray louvered cabinet offers greater protection and an attractive appearance designed to complement every home.
Energy Efficiency	Save money throughout the year with the exceptional heating and cooling performance of AirEase package units.† With 15 SEER cooling efficiency and 80% AFUE heating operation , you'll squeeze more out of every fuel dollar. And 2- to 5-ton cooling capacity and 68,000-138,000 Btuh heating input delivers total comfort in every season. Plus, you can feel good knowing these package units use the new R410A refrigerant , which meets government standards for ozone and environmental safety .

Unit Dimensions

Model Number	Width (inches)	Depth (inches)	Height (inches)
4PGE15E24	65-3/8	36-1/2	34-1/4
4PGE15E30	65-3/8	36-1/2	34-1/4
4PGE15E36	65-3/8	36-1/2	34-1/4
4PGE15E42	75	46	38-1/4
4PGE15E48	75	46	38-1/4
4PGE15E60	75	46	38-1/4

*SEER - Seasonal Energy Efficiency Ratio

**AFUE - Annual Fuel Utilization Efficiency

*** See your local Independent AirEase Dealer for complete details regarding warranty coverage.

† Actual cost savings may vary depending on personal lifestyle, system settings, equipment maintenance, local climate, actual construction, installation of equipment and duct system, hours of operation and local utility rates.
